The Warrior

1955

Foreword

To The Students of Woodland:

An annual serves as a record of past accomplishments. It is a book of memories, one of happiness.

Many of the values of your school are herein; they are those things which make a good school.

In behalf of our sponsor, the annual staff, and all who in any small way helped to make the WARRIOR a success, I extend my grateful thanks.

May your future be so planned that your experiences here will make you always a faithful WARRIOR!

the

WOODLAND SCHOOL
District No. 5

Streator, Illinois

We, the Seniors, and the Annual Staff of the 1955 WARRIOR, proudly dedicate this annual to the citizens of this community who helped make possible the fine education and the beautiful new school that each boy and girl has here at Woodland. They have been effective in giving every student greater opportunities for learning so that he will be better prepared to go forward into the future. Without the untiring patronage and munificence of these people, it would not be possible to have the school that we have today. We sincerely wish to extend a token of appreciation to those individuals who have so unselfishly given of their time and efforts to the interest and advancements of Woodland High School.

Superintendent's Message

A building isn't constructed without first making a plan. The same is true with living. First, we should formulate a good plan and then build accordingly. Something good accomplished doesn't "JUST HAPPEN."

You are acquiring many of the necessary tools during the years that you are in school. Invest in the best and keep them in good order, clean, and sharp.

May you always think, act, and live that you will be an honor to your GOD, COMMUNITY, and COUNTRY.

Best Wishes,
LAWRENCE C. CHRISTOPHER

STUDENTS:

May I join with you in congratulating the Seniors on the fine annual which they have prepared.

One of our greatest treasures in life is that feeling of pride that we experience only when we have done our tasks well.

Let's continue to strive for those accomplishments which might serve as a means of saying "THANKS" to the community for this fine new building.
